

Application No.: 10/644,542

Docket No.: 200208755-1

REMARKS

In response to the Notice of Allowability mailed February 11, 2005, Applicants respectfully request that the Examiner consider and enter into the record for the application the comments set forth below pursuant to 37 C.F.R. §1.312.

Applicants note that the Examiner's statement of reasons for allowance do not match the limitations of the claims.

The Examiner's statement reads as follows "...integrated circuit ...; amplifier coupled to the output of the pass gate circuit...proportional...".

Claim 1 does not include the phrase "amplifier coupled to the output of the pass gate circuit" and does not include the word "proportional".

Claim 7 does not include the phrase "amplifier coupled to the output of the pass gate circuit" and does not include the word "proportional".

Claim 11 does not include the words "integrated circuit".

Claim 15 does not include the words "integrated circuit".

Applicants believe that the claims are allowable over the prior art of record for reasons other than the Examiner's statement. If the Examiner disagrees, then the Applicant respectfully requests that the Examiner withdraw this Application from issue and provide an Office Action describing a rejection in view of the prior art of record. If the Examiner agrees that the claims are allowable for reasons other than the Examiner's statement, then the Applicant respectfully requests that the Examiner allow this Application to pass to issue.

Applicant respectfully requests that the Examiner call the below listed attorney if the Examiner believes that such a discussion would be helpful in resolving any remaining problems.

In view of the above amendment, applicant believes the pending application is in condition for allowance.
